2. The following is an examiner's statement of reasons for allowance:

With respect to claims 1, 26 and 41, the prior art does not teach or fairly suggest wherein the reflecting surface has a sagittal curvature radius of less than 20 mm taken in combination with all other elements in the claims. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
